See this road in Oklahoma  
He was racing bad en route  
So now they got all hooked up  
Cause that's what lovers do  
It's all up every highway  
Between here and Russel flats  
It didn't think about the future  
It didn't worry about the past  
He said, I'm gonna love you right now  
Cause that's where he sat

See yesterday was fine, tomorrow might be even better  
We can't spend our time  
Worrying about the end  
This road is yours and mine  
So baby let's drive in together  
Cause this day is the best day of our life

, 2 months later  
A second baby on the way  
They bought a house with a wraparound porch  
A ,US  
They never lost their passion for the simple things in  
life  
And the love just kept on growing  
, to the , sky  
He said, I'm gonna love you right now like the very first  
time

See yesterday was fine, tomorrow might be even better  
We can't spend our time  
Worrying about the end  
This road is yours and mine  
So baby let's drive it together  
Cause this day is the best day of our life

Never , moment  
, never get them by  
Together , that you own it  
It's the best day, yeah  
He starring at the doorway, about to kiss his wife

goodbye  
The second tour of duty, he said honey don't you cry  
Cause yesterday was fine, tomorrow might be even  
better  
We can't spend our time  
Worrying about the end  
Cause today is yours and mine  
So baby let's live it together  
Cause today, today  
Is the best day of our life.
