Let's get a bit acquainted, Hey, it's t-o-n-e-d-e-
double-the-eff, with the famous flow/
Known to be flipping syllables even when the pace is
slow/
Gracious, No! Save your soul, guess who is coming to
take this throne/
Break this whole motherfuckin' game down, and
reclaim crowns/
Cause I'm sick of layin' down " watching
these companies reign now/
When it's obvious something is playin' out, on
the stage while you're unconscious they shoving to
gain ground/
And sedate crowds with the same sound they've
been layin up into your brain loud/
Enough to take any rational thought " and leave your
brain clouded to rap as just pop/
Isn't it insane how " niggas be keeping their face
frowned/ perpetrating their need to erase clowns!
they remain proud, till the minute you see them in lace
gowns/
All the sudden, they flee to escape town, they're
ashamed cause they got busted/
Just because of that, and not really because they regret
what they've done, is disgusting/
This discussion's meant to function as a general
centerpiece sent at these enemies bent on resenting
me, better be set if we enter the end of peace/
Settling isn't an option no more/
We gon' box in this war! you'll be hearing
them bells before we knock on your door/

Now that you been initiated up into this movement, Get
at your favorite idiot who's spits/
Hit him a little bit with your 2 fists, Kick in his grill until
he is toothless/
Give him a min to get up and cue this, Single out eve-ry
limb that's wounded/
Whip him again with a heavy pool stick, dig on his
bitch, and then beg he do shit/
Ruthless roots of abuse set loose for execution/
Of any groups that get us confused with petty fools

whoâ€™ ll let you crew win/
Check the movements, fluent as I ever was, I said it!
Because-
You would never think that a nigga that never drink
would ever step it up to get a better buzz/
On the regular â€“ the odds youâ€™ ve leapt ahead of
us, are prolly less, than Oedipus hating his mother
Or Disney hiring sexual predators/
Senators getting elected a 3rd consecutive term, A
nurse who doesnâ€™ t do enemas/
Permanent henna, a surfer that catches more waves
then your current antennae does/
Sureâ€¦ I make it look effortless, with every sentence
that tends to be cleverly/
Pinnedâ€¦ More wreckless then Session ingesting
hennesey, blends/
More treacherous than even being the Kennedy â€“
Men/
And for any requesting the identity of the technically
Best MC? Guess, butâ€¦ Yep â€“ itâ€™ s Me.
Step to see, the a new strain of the plague, raised to
abuse breaks/
Unphased of what you say, cause I dead lines, all
without a due date/
Iâ€™ m the new age. New school. New page. New rules.
Any attempt to try to pull away is just a doomed fate for
a few fools/
QN5, represent the true scene, so weâ€™ re
guaranteed one of two things/
Either weâ€™ re showered with praise or weâ€™ re
simply hated by every review team/
What Iâ€™ ve stated was meant to reduce kings into
paupers, and to seduce queens to get topless/
And to revolutionize everything you think hip-hop is.

Chorus:

Buckle Up! Brace Yourself! Knuckle Up! Take No
Lâ€™ s/
Dust to Dust! Say Farewell! (Your) Numbers Up! Save
Yourself!
Buckle Up! Tight! Weâ€™ re gonna tussle! Weâ€™ re
gonna Fight!
Until you never touch another mic! Or itâ€™ s your
lifeâ€¦ Then â€“ Case Closed!

[Repeat â€“ X2]

Buckle Up! Brace Yourself! Knuckle Up! Take No
Lâ€™ s/
Dust to Dust! Say Farewell! Donâ€™ t fuck with us! Save
Yourself!
Buckle Up! Tight! Weâ€™ re gonna tussle! We gonna

Fight!

Until you never touch another mic! Or itâ€™s your
life! Then â€œ Case Closed.

[SUNG]

This is the way, we ever gonna see that it stops/
And if not, you might as well give up on hip-hop/
Cause this is the case, in this day and age/
We gotta kick in your face if youâ€™re just in for fame
