I dont know if you can see, the changes that have come
over me
In these last few days, ive been afraid that i might drift
away
And ive been tellin old stories, singing songs
That made me think about where i came from
Thats the reason why i seem so far away today.

CHORUS

Oh but let me tell you that i love you
And i think about you all the time
Caledonia your callin me and im goin home
But if i should become a stranger
You know that it would make me more than sad
Caledonia your everythin ive ever had.

Well ive been moved, and ive kept on movin
Proved the points that i needed proovin
Lost the friends i needed loosin
Found others on the way
And i have kissed the ladies and left them cryin
Stolen dreams theres no denying
Travelled hard with contience flyin
Somewhere with the wind

REPEAT CHORUS

Now im sitting here, beside the fire
The empty room the forest choir
Flames that couldnt get any higher
Theyve withered now there gone
But im steady thinking my way is clear,
And i know what i must do tomorrow
When the hands ive shaken and the flown i will
dissappear.

REPEAT CHORUS
