I was so sad no love around
My heart was truly broken
And then you came out from nowhere
I haven't been the same since that day

You got me face glowin
& I don't care who knows it
Rivers of joy are flowin
Ever since you came
Band's on it, so put your hands on it
We got your feet stompin

Sing along with me Kirk Franklin

S: Since Jesus came into my life
Kirk: San Diego San Diego come on come on
He changed the darkness into light
Kirk: Clap yo hand ya'll clap yo hands ya'll come on
come on whooo

Oh happy days are here again
Everyday with you gets sweeter
You took my hand helped me understand
How to trust you all the way
What a drastic change

You got my face glowin
& I don't care who knows it
Rivers of joy are flowin
Every since you came band's on it so put your hands on
it
We got your feet stompin

Altos: My life, my life, my life, he came into my life
Tenors: I'm so happy yes I am, I'm so happy that you
changed my life
Sopranos: Since Jesus came into my life he changed
the darkness into light
