[Intro] Ey yo, these demons are battlin' Talkin' to God,
askin' him Help me to do good I can't go back to being
bad again Straddlin' the lanes of right or wrong and
what's happenin' I do it for a minute Hit the gas and
fuckin' crash again [Verse 1] I'm travelin' recklessly
Swearin' that there's a hex on me Constantly caught
between both sadness and ecstasy Lacking the exact
recipe Trapped and you can't rescue me Steadily, I'm
trying to break out and build a legacy Ill without a
remedy Buildin' up all this energy Until the thrill of
victory is killed by another penalty Mentally I stay two
steps ahead of my enemy Incredibly, blessed and
skilled with all of my weaponry Restlessly awaitin' the
day they started addressin' me Was more than just an
average man Pourin' his heart relentlessly Born without
identity Torn and it keeps compressin' me Storms are
formin' next to me No overdose! Serenity! I'm sinnin'
Beginnin' to feel that this evil's winnin' I'm slippin'
Forgettin' that I'm even a Christian A villain Wanting
everything that's forbidden Livin' in contradictions To
all of my convictions I listen To men and women
making predictions That elevate, beyond all the stated
restrictions I'm placed in prison Underneath these strict
conditions Tryin' to escape so I can release these
sacred visions [Hook x2] Ey yo, I'm tryin' to reach the
masses But I remain lost here in this cold engrossin'
sea of blackness Drownin' in the sadness I'm just
prayin' that God can help me find some peace
amongst the madness [Verse 2] Just when I feel the
cold comin' Numbin' till I feel nothing' No counterpain,
no lovin' Stumblin' My hope plummetin' I see a rose
buddin' From where the cement was crumblin' Rose to
my feet with no trouble, all of a sudden.. I knew just
how to break free They tried to encase me They tried to
misplace me Deny my masonry But the work of these
hands Was not guided by man I supply the demands
And comply with God's commands I tried to withstand
all of the laughter and slams Slander and scams All of
the bands who've been damned I couldn't take it no
more Gettin' ignored While all these others before
Always got phrased to the door I waited to score I

would'a traded places with y'all But now I understand
what all of this was trainin' for See, I'm the comin'
attraction Catchin' you cats nappin' Wrapped in a
padded ?? new Jacks Couldn't fathom Eager to start
attacking Leavin' the baddest flattened Question my
heart in this And I'll smack you rats for askin' Extractin'
all of my passion into these rhymes Until that which
was blackened, finally shines This is my callin' There
ain't no more stallin' for time Hearts don't lie, so you
know I'm followin' mine [Hook x4]
