Eloise by Kel Britton

I feel your heart it beats like thunder
I feel your love like driving rain
I could drown and it's no wonder
No other love could do the same

You pull me in you pull me closer
Just like a moth burned your flame
I hang on to your rollercoaster
No other love could do the same

Eloise, Eloise stay forever Eloise
You picked me up when I was on my knees
Eloise, Eloise

I feel your heart it beats like thunder
I feel your love like driving rain
I could drown and it's no wonder
No other love could do the same

Eloise, Eloise stay forever Eloise
You picked me up when I was on my knees
Eloise, Eloise

Lead Break

Eloise, Eloise stay forever Eloise
You picked me up when I was on my knees
Eloise, Eloise
Eloise my Eloise
