Intro: Prince Markie Dee

Man, all these problems in our world today  
I just don't know what to do, man

Verse One: Prince Markie Dee

If it ain't one thing, it's another  
Sell a million copies? They put me on a magazine cover  
I sell one or two, they claim that I'm played out  
My girl nags me at home, so, I shoulda stayed out  
I buy a new car, it runs out of gas  
In school, I was always gettin' kicked out of class  
Mom would say, "Be like your older brother!"  
If it ain't one thing it's another

Talk: Prince Markie Dee

You know what I'm sayin' man?  
I mean, all these problems  
Let me tell ya 'bout the time when I - Well, let me break  
it down for ya

Verse Two: Prince Markie Dee

Picked up my date at eight in a happy mood  
Drove to City Island for some seafood  
\$3.99 for all you can eat  
Shrimp galore, bon appetit  
We ate hearty 'till we couldn't eat  
Went to the Marriott, paid for a suite  
She was anxious even more than me  
And, man, I got busy as a bumblebee  
When we were done, I drove her home  
Proceeded to my house, all alone  
It started rainin', I was playin' Bobby Brown  
I missed my exit, so, I circled around  
And that's when it happened, I didn't get far  
A pole jumped in front of my car  
I broke my leg, man, do I stutter?  
If it ain't one thing, it's anuddah, bruddah

### Verse Three: Kool Rock Ski

On tour for so long that it wears me down  
I've been to every city and every small town  
And, after a while, things start to ache  
I want my body to move, that d-mn thing won't shake  
Then, one night, the last date on tour  
From that morning my throat was sore  
I started gettin' worried, it woun'd't be long  
'Cause the way my throat was hurtin', it would soon be  
gone  
Then, wouldn't you know? You know it, yes  
I tried to say somthin' but I was voiceless  
Showtime came, I had to lip-synch  
It got so wild that I couldn't think  
The show was done, a doctor checked my health  
I spent the night all by myself  
Man, what a bummer, what did I stutter?  
If it ain't one thing, it's anuddah, bruddah
