"When He Calls Me Kitten"

Visit "[When He Calls Me Kitten](#)" on MotoLyrics.com

When he calls me kitten
kitten soft and low
I say yes, yes what is it my love?
He says nothing, not really
just wanted to hear
your kitten voice
to know you are near

When he calls me kitten
kitten when it's quiet and dark
I say yes, yes what is it my heart?
He says nothing, not really
it's just I miss you so
you know how I hate it
I hate when you go

When he calls me kitten
bonny kitten in the middle of the night
I say yes, yes what is it my life?
He says nothing, not really
for the angels I wait
the angels that took you
the angels are late
