(My Little Red Book)

I Just gotta have my little red book
the minute that you said Goodbye.

I thumb right through my little red book
I wasn't gonna sit and cry.

I went from A to Z
I went through every single boy in town
they danced with me, and as I held them

All did was talk about you
heard your name and I start to cry
There just no getting over you.. Oh No

(My Little Red Book)

(My Little Red Book}

There aint no boy in my little red boy who could ever
replace your charm
and each boy in my little red boy knows you're the one
I'm thinking of

Oh won't you please come back
without your precious love I can't go on
Where can love be? I need you so much.

All did was talk and talk about you
heard your name and I start to cry
There just no getting over you.. Oh No

All did was talk about you
heard your name and I start to cry
There just no getting over you.. Oh No

All did was talk and talk about you
heard your name and I start to cry
There just no getting over you.. Oh Nooooo

All did was talk and talk about you
heard your name and I start to cry
There just no getting over you.. Oh Nooooo

All did was talk about you
heard your name and I start to cry
There just no getting over you.. Oh Nooooo

All did was talk and talk about you
