[Mann Terror]

Ain't no mistaken you see my chain you know who I'm  
with  
Made niggas banging them hits, you banging them fist  
With just a few good niggas, we can make this doe  
And with a few good heaters, we can make some more  
You only get something hot when you face the mob  
Probably blow a whole job with Escobar  
From the fiend up in NY that can't be stiffed  
Fucking with my dawgs only get you rained through  
quick  
So much ice in my jewels I can be from Bedrock  
And I smoke that weed that put your brain in headlock  
Wanna be a witness nigga you can witness this!  
Four fevers straight to your wig splitting your shit  
Niggas hate you if you make it, so they pray you fail  
Petty bitches run their mouth, Jake want you in jail  
That's the life of a Made Men, tighten the game plan  
Come through and bomb things, we either hang men

(Chorus) Ray Benzino

It takes a few good niggas just to set it off  
Watch your back, squeeze triggers then we let it off  
We're annoyed by the fact nigga's telling too much  
It's a shame how these nigga's always jelling in such  
You can't handle the truth, the words that we speak  
It's time for us to separate the strong from the weak  
Gangsta real shit from beginning to the end  
(Nas to QB), Boston Made Men, (What?)

[Nas]

Fuck around lay around nigga

Yo as the blunt hangs low from my defiant lips  
Smoke emerge in the shape of halo's the chronic's lit  
My hoes are pornographic, flow's orgasmic  
Doe stacking, strict as Joe Jackson training five kids to  
blow  
Fraction of my mind died years ago, miserable drunk  
Beers at most, swung at by school principal then I flunk  
Peace to my foes who really took it dead with the beef

Peace to them hoes who left their pussy hairs in my  
teeth  
I've proposed to the street corners, heat on us to clap  
the phony  
Thug matrimony, champions like Shaq and Kobe  
Porno stars hoes like, Nairobi Knight wanna fuck us  
It's ruckus, water bed half the niggas can't touch us  
Seen it happen to the best, clap to their death  
I tell you no lies, you ask me, no questions  
Look at my eyes, pupils are neutral  
To the shit my body done, I shot lots of guns  
.22's, .45's to none, to murder a Virgo  
Spooky bitches try reading my chart  
I sleep with lights on, grown and scared of the dark  
It's not because of horror movies but the art of the  
beast  
Sparking Uzi's, rest in peace Barkin, it's war in 2G  
I wish my words could resurrect Ennis Cosby  
I'd make Stevie or Ray Charles see the hate that  
bothers me  
I feel like pulling out patches of my own hair  
Said the words of my friend paralyzed in his wheelchair  
It's like...

(Chorus) Ray Benzino

[L.O.]

Born in a project hall next to a fiend smacked out  
Plus my pops wasn't around and my moms was  
cracked out  
OG's in my air trying to better my routes  
Put me up on made niggas with major clout  
A few of the best, nigga we're the last ones left  
From Boston to Queensbridge, better grab your vest  
Don't want these hot tests burning your flesh  
Jealous niggas hate us to death, gorgeous ladies  
giving us sex  
Loving and living, bank rolls, sagging my denims  
D's on our dick, rather see us locked in prison  
Noisy neighbors look out their windows all in our  
business  
My man ink spots the deceased, I'm trying to stay alive  
These niggas always saying dead dawg, But whose  
dawg dies?  
It's me against the world, but I'ma hold my own  
Work my way up, and soon enough I had a throne  
Don't get it twisted I'ma bastard but boy I'm grown  
And only fuck with a few niggas

(Chorus) Ray Benzino

[Outro: Nas]

That's right nigga, a few good niggas

No fake niggas, only real niggas making shit happen in  
2000 baby

Nas and Made Men, I love to see my niggas get money

That shit makes me feel good; I love to see niggas get  
money

I love to see niggas get money

A few good niggas, that's us
