I gave you all my trust, you threw it in my face
The things you do with love, even the devil would be
ashamed
I ain't mad at you, cause two can play this game
Before the two of us are through, you are gonna feel
my pain, yeah

How are you to hurt like me?
And boy I wanna take you down
Once you hit rock bottom and see
If you can scratch your way back out
How are you to feel like this?
Like you'll never love again?
I'm gonna find your every weakness
And I'll get my revenge

You're gonna hurt like me
You're gonna feel like this
You'll see,
You're gonna hurt like me

I bet you you think you're good
That I don't know that you've been bad
But I know all about her
I'm just waiting to attack
And boy it's such a shame
Because of all we had
I gave you everything
Now I'm gonna take it back

How are you to hurt like me?
And boy I wanna take you down
Once you hit rock bottom and see
If you can scratch your way back out
How are you to feel like this?
Like you'll never love again?
I'm gonna find your every weakness
And I'll get my revenge

Boy you're gonna hurt like me
I'm gonna take you down

You gonna hit rock bottom and see
If you can scratch your way back out
You're gonna feel like this,
You'll never love again
I'm gonna find your every weakness
And I'll get my revenge

You're gonna hurt like me
You're gonna feel like this
You'll see,
You're gonna hurt like me.
