I see angels
i see devils in me too

and yes

i am angry and frustrated too
im no different, different than you

and I've been hurt
and wounded

and yes, I've been abused

now i can see you
holding out your hand
hoping that, someone will, finally understand

that you're beautiful
yes you're beautiful
you are beautiful
you are beautiful

deep in the silence, before the dawn
the wounded, the battle scarred
the nicks and the cut

don't let it define you, let it all blow away
reach for the stars, the moon please
find your way
don't you know you're beautiful
cause you're beautiful
cause you're beautiful

i see angels
i hear devils in me too

and yes, i am human
and i want nothing from you

don't you see you're beautiful
yes you're beautiful
we are beautiful

yes you're beautiful

its the time to choose, what you want now
its the time to declare, who you are now
its the time to, reach for the stars now
its the time to believe in yourself now

dream with me now
dream with me now
dream with me now
dream with me now
dream with me now
dream with me now
