I'm leaving, even though
They don't think I should go
They say that, I'm dreaming
But they really don't know
There's more things to life than
They've even heard of
And I wanna be something

Chorus:

I'm tryna do big things
I wanna go places
All around the world, yeah (all around the world)
Tell me do you feel me (oh, oh)
I wanna do big things

I'm tryna do big things
I wanna go places
All around the world, yeah (all around the world)
Tell me do you feel me (oh, oh)
I wanna do big things

They knock me, for wanting
More than one carat rings
I guess that's, expected
That's all they've ever seen
If they've seen what I've seen
And been where I've been
I bet they wouldn't knock me then, ooh

Put yourself in my position (yeah, yeah, yeah, yeah)
Even my friends said I wouldn't make it (playa hatin'
chicken heads)
But I can't let it hold me down (no, no, no)
So where do you wanna head, move around 'cause

Chorus:

I'm tryna do big things (oooh)
I wanna go places (I wanna go places)
All around the world, yeah (all around the world)

Tell me do you feel me (eh)
I wanna do big things (big things)

I'm tryna do big things (said I wanna)
I wanna go places
All around the world, yeah (all around the world)
(tell me) tell me do you feel me
I wanna do big things (big things)

(that you'll be) that you'll be happy if
I stayed in the hood forever
But I'm not having it
I got to get out of here
Tell me to keep it real? ?
Look at you and say "whatever"
And I gotta get this cheddar, heard me? (you heard
me? oooh)

Repeat chorus x4 w/ different adlibs

All around the world, oh
