Children laugh, children cry
They're the future of our time
Will they hold us to blame
For all the things we've turned away

I don't like what I see now
In my life what I see now
I don't like where we're going
I don't like it, no

You and I
We're getting older now
You and I
Who will show them
If we don't show them how

I want to know who is it true
Is there a house of hope for me and you
I, I want to know who is it true
Is there a house of hope for me and you

Children laugh, children cry
They're the ones who will survive
Will they know what we've sold
Nature's gift we've turned for gold

I don't like what I see now
In my life, what I see now
I don't like where we're going
I don't like it, no

You and I
We're getting older now
You and I
Who will show them
If we don't show them how?

I want to know who is it true
Is there a house of hope for me and you
I, I want to know who is it true
Is there a house of hope for me and you

In this house of hope
In this house of hope
In this house of hope
In this house of hope

You and I, I
We're getting older now
You and I, I
Who will show them
If we don't show them how?

I want to know who is it true
Is there a house of hope for me and you?
I, I want to know who is it true
Is there a house of hope for me and you?

I just want to know, I just want to know
I just want to know, Just want to know
I just want to know, I just want to know
Can you tell me? Can you tell me?
Can you tell me, please?

I need to love you a lot, I need you for me
I need to know know, I need to know know
I need to know know, can this really be?
I got got to know
I, I got got to know
I, I got got to know
