Could hear your voice, your voice
Calling from the window
When you held that night
I didn't understand at all

But you hurt, you cried
And gone mad
And you're angry at the world
You want to tear it down
You wanna pull it down, down, down

Come on and lay down
Lay down, lay down your pain
Can you lay down
Lay down, lay down your pain?

Havin' you here feels good
Feels good inside the afternoon
And no one else
Could ever take away that man

You wanted love but you have fear
You wanted love but it's the fear
And yet the fear it feels so real
And you run away
Running from the pain, the pain

Come on and lay down
Lay down, lay down your pain
Come on and lay down
Lay down, lay down your pain

Come on and lay down
Lay down, lay down
Lay down, lay down
Lay down, lay down your pain

Don't you see this world
This world can be what you want?
Don't give it up, boy
Don't give it up, don't give it
Don't you give it up, boy

You wanted love, you wanted joy
You wanted simple things in life
Simple things in life
The world, the world is a better place
And this world is a better place
Yes, the world is a better place

One, two, three, four, five, six, seven
All good girls go to Heaven
That's what they say
One, two, three, four, five, six, seven
All good boys go to Heaven
That's what they say

'Cause the world is a better place
Yes, the world is a better place

Come on, come on and lay down
Won't you lay down this pain?
Come on and lay down, lay down
Won't you lay down this pain?

Come on and lay down, lay down
Lay down, lay down
Lay down, lay down
Lay down this pain

The world is a better place
Yes, the world is a better place

One, two, three, four, five, six, seven
All good girls go to Heaven
That's what they say
One, two, three, four, five, six, seven
All good boys go to Heaven
That's what they say

The world is a better place
The world is a better place
Lay down your pain
You lay down, lay down your pain
You lay down, lay down your pain
