Everyone has a chance to be someone  
Reachin' for that distance  
Dreams are never too far  
Though times are hard  
You still fight  
Until you get to where you wanna be

[Refrain]

Ooh you keep tryin' so hard  
Coz you know it from the start  
That you'd make it through it all

[Chorus]

Ohh dreams are there for you to make it  
Never stop believing  
Coz you can make it  
Keep on dreamin'  
It will take you to a place  
That you haven't been  
You'll see it happen in your eyes  
It's the power of the dream

Never let anyone to turn you down  
You can make it happen  
Find the strength in your heart  
I know it's tough  
But you've got more than enough  
To make it through  
You'll get to where you wanna be

[Repeat Refrain and Chorus]

You know gonna make it through it all  
Ooh don't you ever let go

[Repeat Refrain and Chorus]
