Now what's goin' on? (ooh, ooh, goin' on)
Paged me 911
What do you need? (ah)
I'm gettin' my nails done (gettin' my nails done)
You say you need me to call your girl
She found out
You were sharin' her world (oh, share her world)

I don't understand (ooh)
I told ya before (ooh, ooh)
You told me then
Wasn't gonna do it no more
Well I'm gon' call
But i'ma let you know
She's probably got her things packed (ah, ah)
Gettin' ready to go (ah)

1 - she's already thinkin' 'bout leavin' you
'cause you're creepin', and you're sneakin'
While you're thinkin' that she's sleepin'
She's already packin', tired of goin' through
'cause it's sickening how you're willing to lose
(lose a good thing)

Repeat 1

Hey girl, what's goin' on?
I know you're sick and tired
Of my friend doin' you wrong
It ain't the first time
Can't promise it's the last
Just do this one thing for me
Listen to his sad story

He don't mean to break your heart (girl he don't mean it)
We both know that's how they are
[yeah, so what's up? you talk to her?]
[i mean, what'd she say?]
Yeah, I asked her to stay
But she packed her bags, called a cab

Rolled out anyway

Repeat 1

Repeat 1

How can you be so dumb to think
That she don't know
(she don't know, she don't know, no, no, no, no)
It's all it's worth
You're letting her
Walk on out the door
(the door, you know)

I told you
Time and time again
Time and time again, oh
Now I stood my ground
Why you callin' me now?
Now it's too late
You sealed your own fate

You can't keep doin' her this way (hey, yeah)
How can you expect her to stay?
I told you a thousand times
She's gonna leave at the drop of a dime

You can't keep doin' her this way (oh oh, no)
How can you expect her to stay?
I told you a thousand times (a thousand times, oh)
She's gonna leave at the drop of a dime

You can't keep doin' her this way
How can you expect her to stay? (how can you?)
I told you a thousand times
She's gonna leave at the drop of a dime (she's already)

Repeat 1 to fade
