"Look at us baby

as each day that goes by
I feel like I'm missing you even more
I feel like I'm losing some part of the love between
you and I everytime you say goodbye for the day,
I wish you could stay all day with me

I feel like whenever a day goes by
I'm getting stronger and older
and I feel like I am changing
and about to rearrange, myself
again all for you"

Just
Look at us baby"
Don't we look like a lovely couple
can't you tell by how I write this"?
I feel like no angel,
but I feel So safe and sound with you"
You make me feel like never have felt before,

I feel like whenever a day goes by
I get older and much more stronger,
I feel like Everytime you say goodbye
I'm losing you" some how

Just look at us baby"
Cant you see ?
Can't you tell?
I feel like no angel,
but I feel so safe and sound with you
You make me feel like never have felt before,

Just look at us baby"

Tonight I'll spread my wings and fly with you
Tonight I'll give the best I can,
Today I'll be whatever I'll be
Today I'll be strong even though I feel like no angel
inside Today"

Just look at us baby"
Cant you see ?
Can't you tell?
I feel like no angel,
but I feel so safe and sound with you
You make me feel like never have felt before.
