Maybe

People say I'm a true person
What does that mean anyway?
I wish I had someone who could take me

from this dark space, and make it that everything

was okay,

I've had enough of anger,
I've had enough of pain
I've had enough of stress

I've had enough of the sorry

ohh yeah

People say I'm only this way

cause I hardly get sleep
Its no good for the soul
I've tried lots of times,

to make them see why I am this way"
It just never seemed to be understood"

I've enough of pain
I've had enough of stress

and all the anger I cause"

Maybe (all I do is watch to much tv)
Maybe (I do to much at once)
Maybe (all I need is a little love)

Maybe I can't stand words' Unspoken")

All my life i've known where i'm standing

but now I completly, losted myself again

I'm in a way so unsure and so confused

(where has myself gone)

" maybe I just want happiness,

" maybe all I need is you to understand"

Maybe I need my chance's taken back"

Maybe I need, truth from you I haven't no longer heard
yet"

Maybe, I need a little love from you"

All I need is the answers'

baby,
