Every time I go away  
You can't stand to see me go  
But remember every night and every day  
All I think about is home

Yesterday you called to say what's on your mind  
It's tearing up your heart 'cause we don't spend no time  
Baby, you gotta realize I feel the same

Say you gotta know, no matter where I go  
No matter who I see, no matter who's with me  
Baby, I'm thinking 'bout you every day

Though I've been gone for so long and you're looking  
at someone  
She can't kiss you, hug you, miss you, love you  
She ain't gonna love you like I can

So when I'm gone for so long and you feel like you're  
alone  
Remember she can't move you, do you, groove you, no  
She ain't gonna love you like I can

I try to give you things, so you won't feel this way  
But it don't make up for being face to face  
Ooh, I need you, boy, you know I do, oh

Can't nobody make you feel  
The way I do, baby, I'm so into you  
Nobody's gonna love you like I do and I know

Though I've been gone for so long and you're looking  
at someone  
She can't kiss you, hug you, miss you, love you  
She ain't gonna love you like I can

So when I'm gone for so long and you feel like you're  
alone  
Remember she can't move you, do you, groove you, no  
She ain't gonna love you like I can

Baby, you should know

(Know it by now that)  
I won't let you go  
(I'll always be down)  
Anything you need, you can count on me to be  
Boy, I love you so, whoa

Look at her, look at me, think about what you see  
Boy, you know, ain't no way  
She's gonna love you like I can

Watch out her, look at me that's the way it should be  
I can't see no one else  
Who's gonna love you like I can

Though I've been gone for so long and you're looking  
at someone  
She can't kiss you, hug you, miss you, love you  
She ain't gonna love you like I can

So when I'm gone for so long and you feel like you're  
alone  
Remember she can't move you, do you, groove you, no  
She ain't gonna love you like I can

Though I've been gone for so long and you're looking  
at someone  
She can't kiss you, hug you, miss you, love you  
She ain't gonna love you like I can

So when I'm gone for so long
