Black baby 2000
Toni Estes, here we go now
Come on, come on
Come on, come on
Oh, oh, oh, oh
That's right, come on, let's go

I thought you'd be a good friend
Someone real to me
Someone who listened
'Cause that's all I need

We started out like that
But now things have changed
You misled me to think
Things would always be that way

You told me that you loved me
(All the time)
You told me you would hold me
(Every night)

You told me you were for me
(Whether wrong or right)
You told me you would do
All these things

You told me that you loved me
(All the time)
You told me you would hold me
(Every night)

You told me you were for me
(Whether wrong or right)
You told me you would do
All these things

You made me feel like
I meant something to you
You told me things
I thought would be true

But you done got used to having me around
What a shame
You misled me to think
Things would always be that way

You told me that you loved me
(All the time)
You told me you would hold me
(Every night)

You told me you were for me
(Whether wrong or right)
You told me you would do
All these things

You told me that you loved me
(All the time)
You told me you would hold me
(Every night)

You told me you were for me
(Whether wrong or right)
You told me you would do
All these things

All I ever wanted from you
Was you to be what you said you would be
I won't take nothing else
You not giving me what I deserve, oh

You told me that you loved me all the time
You told me you would hold me every night
You told me you were for me whether wrong or right
You told me you would do all these things

You told me that you loved me all the time
You told me you would hold me every night
You told me you were for me whether wrong or right
You told me you would do all these things

You told me that you loved me
(All the time)
You told me you would hold me
(Every night)

You told me you were for me
(Whether wrong or right)
You told me you would do
All these things

You told me that you loved me

(All the time)
You told me you would hold me
(Every night)

You told me you were for me
(Whether wrong or right)
You told me you would do
All these things

You told me that you loved me
(All the time)
You told me you would hold me
(Every night)

You told me you were for me
(Whether wrong or right)
You told me you would do
All these things

You told me that you loved me
(All the time)
You told me you would hold me
(Every night)

You told me you were for me
(Whether wrong or right)
You told me you would do
All these things
