Flares firing high  
As the sky is blackened close  
This belief in security  
Will be strangled as it's choked  
I watch in horror at mercy's hand  
This disaster we won't understand

This will not be my fate  
I will not become the lost  
Remember, exonerate  
I survive at any cost

Is this all I am?  
Is this the price we've paid?  
(We will watch as it falls away)  
Is this all I am?  
Broken and decayed?  
(We will watch as it falls away)  
We fall away

As panic spreads, criticise the unknown dead  
Paths are broken, hearts abandoned  
The dreams on which you tread  
You can't run, you can't try to hide  
The thing you sacrifice is never your own life

Broken

Is this all I am?  
Broken and decayed  
Is this all I am?  
Smash the plans we've made  
Is this all I am?  
Fixated and betrayed  
So watch as it falls  
Falls away

(We will never falter or be lead astray, when everything  
changes, we stay the same)

Broken,

We don't try we fly
