

## 30H3 "We Are Young"

Visit "[We Are Young](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Windows down, pedal to the sneakers,  
Turn up the volume, blow out the speakers,  
Best clothes on, going down on fire,  
Turn the lights off, turn the music higher.

[Chorus]

I broke free, castaway,  
Won't find me,  
And now your never gonna break me down,  
Gonna break me down,  
This is all, I can take,  
So farewell, 'Cause your never gonna find me now,  
Gonna find me now.  
We are young(whoa!) we are young(whoa!)  
We drink and we fight, and we love just because,  
We are numb(whoa!) we're on the run(whoa!)  
And your never gonna chase us down,  
We are young(hey!)

Dance with the devil, don't be shy (shy)  
Nothing's gonna stop us we can't die (die)  
Sleeping in the bed, waking up outside (side)  
At least we can say we tried(right)

So fathers don't let go of your daughters,  
We take what we want, we don't borrow,  
Think I found a message in a bottle,  
This says "Drink me, drown your sorrows."

[Chorus]

I broke free(broke free)  
Castaway, won't find me,  
And now your never gonna break me down,  
Gonna break me down,  
This is all I can take, so farewell,  
'Cause your never gonna find me now,  
Gonna find me now,  
We are young(whoa!) we are young(whoa!)  
We drink and we fight, and we love just because,  
We are numb(whoa!) we're on the run(whoa!)  
And your never gonna chase us down,  
We are young(young young (whoa!))

We are young(young young) whoa!(X2)  
And your never gonna chase us down,  
We are young

If I'm doing this right,  
I'll be leaving tonight,  
I've got my bags packed tight,  
(Oooaawoahhh!)  
So many reasons to leave,  
I've got my hands on my keys,  
Yeah I'll be leaving tonight,  
(Oooaawoahhh!)

We are young(whoa!) we are young(whoa!)  
We drink and we fight, and we love just because,  
We are numb(whoa!) we're on the run(whoa!)  
And your never gonna chase us down,  
We are young(young young (whoa!))

We are young(young young) whoa!(X2)  
And your never gonna chase us down,  
We are young
