Sure got my piece of heaven  
An angel in disguise gone wild

But I thought you were a man  
Who knew right from wrong  
That's why I really don't understand  
Why he's with her

It's killing me  
What has she got that I don't have  
Is it the way she looks at you  
Laughs at you, can she  
Does she make you beg for more  
This is hurting  
What does she got that I don't have

I tried to call him  
Anytime anywhere  
But he's never there

So I went to his place  
Waited all day  
So he would explain it to me  
And this is what he said

There is nothing left to say  
I had my fill, I went away  
Your crying eyes won't change a thing  
It was just a fling  
How could an angel break my heart

He said: We could still be friends

R U kiddin' me?  
What has she got that I don't have  
Is it the way she looks at you  
Talks to you, can she  
Does she make you beg for more  
This is hurting  
What has she got that I don't have

But twice a year

When he's in tears  
When he loses his mind  
And can't help but cry  
He'll call me and then

I am better than I am
