Walking through September rains unknowing
How you come around [?] to growing

As you slowly fade away
You were standing tall but that's the past
As many other things, they do not last

[Pre-Chorus:]
Although I had to step away, step away
I'm wondering, are you lonely?
Ever since you walked away, walked away
It's so clear

[Chorus:]
'Cause when you're in the shower all alone
That's when you fall down
Not able to stand up again
At night, as you're turning down the sheets
That's when you feel your mind
When it's trying to go back in time

You don't even know how it all started
Still begging for my love, now we has parted

[Pre-Chorus:]
Although I had to step away, step away
I'm wondering, are you lonely?
Ever since you walked away, walked away
It's so clear

[Chorus:]
'Cause when you're in the shower all alone
That's when you fall down
Not able to stand up again
At night, as you're turning down the sheets
That's when you feel your mind
When it's trying to go back in time

Ever since you walked away, walked away
I'm wondering, are you lonely?
