Sittin' on the beach, the island king of love,  
Deep in fijian seas, deep in some blissful dream  
Where the goddess finally sleeps, in the lap of her  
lover,  
Subdued in all her rage  
And I'm aglow with the taste, of the demons driven  
out...  
And happily replaced, with the presence of real love  
The only one who saves

[Chorus:]

I wanna dance with you,  
I see a world where people live and die with grace  
The karmic ocean dried up, and leave no trace  
I wanna dance with you,  
I see a sky full of the stars that changed our minds  
And lead us back to a world we would not face

The stillness in your eyes, convinces me that I,  
I don't know a thing,  
And I've been around the world, and I've tasted all the  
winds,  
A half a billion times  
Came sickened to your shores, you show me what this  
life is for

[Chorus:]

I wanna dance with you,  
I see a world where people live and die with grace  
The karmic ocean dried up, and leave no trace  
I wanna dance with you,  
I see a sky full of the stars that changed our minds  
And lead us back to a world we would not face

In this altered state... in this altered state...  
Full of so much pain and rage,  
You know we got to find a way...  
To let it go...  
To let it go... to let it go... to let it go...  
Sittin' on the beach, the island king of love,  
Deep in fijian seas, deep in the heart of it all  
Where the goddess finally sleeps, after eons of war,

And lifetimes she's smilin'  
And free, nothin' left...  
But a cracking voice and a song, oh lord

[Chorus:]

I wanna dance with you,  
I see a world where people live and die with grace  
The karmic ocean dried up, and leave no trace  
I wanna dance with you,  
I see a sky full of the stars that changed our minds  
And lead us back to a world we would not face

We would not face... we would not face...  
We would not face... we would not face...  
We would not face...
