Now I believe  
That what I used to think  
Was a lie  
Is really a life  
Now I can see  
There's only one place to reach  
Only one thing to preach  
And that's the highest

It's the strangest thing  
That I can feel so much

There is no reason  
There is no logic to feelings  
'Cause when love is the dealer I'm addicted

So fascinating  
I can't stop this constant craving  
You're contagious

It's the strangest thing  
That I can feel  
So much for someone somehow

It's the strangest thing that  
I can feel  
So much for someone somehow

And I cannot hide  
Even if I try  
You mean everything to me

Any fool can see  
What you've done to me  
You mean everything to me

And when you're not here  
I just cry, hey hey  
And when you're not here  
I could die

Mmmm

Mmmm  
Mmmm

Yet the best is still to come dear  
Yet the best is still to come  
For us  
Yet the best is still to come dear  
Oh, the best is still to come

It's the strangest thing  
That I can feel  
So much for someone somehow

It's the strangest thing that  
I can feel  
So much for someone somehow

And I cannot hide even if I try  
You mean everything to me  
Any fool can see what you've done to me  
You mean everything to me

And when you're not here  
I just cry  
And when your're not here  
I could die

I could die  
I could die  
I could die

And I cannot hide  
Even if I try  
Yeah yeah yeah yeah
