To this generation
We cannot forget
The ones that we have loved
The ones we left behind

Don't be afraid to reach out
This world is changing fast
For those who take a stand
Heaven knows

We grieve in our life
Don't let us pay the price
So much grief in our life
It will fade over time

Yeah, to this generation
It's hard to get along
And we cannot deny
The struggle through this life

Won't do no good to wait
We're running out of time
For those who take a stand
Heaven knows

We grieve in our life
Don't let us pay the price
So much grief in our life
It will fade over time

Guilty for we turn the other cheek
Guilty for not willing to achieve
Come on happiness, what's keeping you so long?
How can we forget?
Yeah, yeah, yeah, yeah

We grieve in our life
Don't let us pay the price, yeah, yeah
Yes, we grieve in our life
It will fade over time

Yes, we grieve

Yes, we grieve
All the time, oh, yeah
Ride on
Don't let us pay the price, no

Ride on baby
Oh, yeah, yeah, yeah, yeah
