A hundred days has made me older
since the last time that i saw your pretty face
a thousand lights had made me colder
and i don't think i can look at this the same
and all the miles had seperate
they disapeared now when i'm dreaming of your face

Im here without you baby
but you're still on my lonely mind
i think about you baby
and i dream about you all the time
i'm here without you baby
but youre still with me in my dreams
and tonight, it's only you and me

The miles just keep rollin
as the people either way to say hello
i hear this life is overrated
but i hope that it gets better as we go

I'm here without you baby
but you're still on my lonely mind
I think about you baby
and i dream about you all the time
i'm here without you baby
but you're still with me in my dreams
and tonight girl it's only you and me

Everything I know
and anywhere i go
it gets hard but it won't take away my love
and when the last one falls
when it's all said and done
it gets hard but it won't take away my love

Im here without you baby
but your still on my lonely mind
I think about you baby
and I dream about you all the time
Im here without you baby
but your still with me in my dreams

And tonight girl its only you and me

Im here without you baby
but your still on my lonely mind
I think about you baby
and I dream about you all the time
Im here without you baby
but your still with me in my dreams
but tonight girl its only you and me
