We're breaking things we can't repair
And none of us will take the blame
No, nothing can be done this time
All the memories that we made
I threw them all away
There's no need to talk it over

Don't let me get you down
Let's just move on
I am setting you free

'Cause I don't wanna hurt no more
No, I don't wanna make you go through one more rainy
day
No, I don't wanna hurt no more
Strange enough I always knew
I'm taking off today
Don't wanna hurt no more

The darkness you left in my soul
How do we know how much we've lost?
Will the moon be shining as bright as before?
And as I'm singing this song
The tears well up in my eyes
And I will always wonder
Why I will never have
The life I wanted
Now I'm letting it go

'Cause I don't wanna hurt no more
No, I don't wanna make you go through one more rainy
day
No, I don't wanna hurt no more
There's not much more to say
'Cause it's to late now
I won't hurt no more

So I wait 'til morning comes
You made it clear that it has been only pain loving me
The things that we won't do for love
I am setting you free

'Cause I don't wanna hurt no more
I don't wanna make you go through one more rainy day
No, I don't wanna hurt no more
Strange enough I always knew I'm taking off today

I am letting you go...
