We're breaking things we can't repair  
But none of us will take the blame  
No nothing can be done this time  
All the memories that we've made  
I threw them all away  
There's no need to talk it over

Don't let me get you down  
Let's just move on  
I am setting you free

'Cause I don't wanna hurt no more  
No I don't wanna make you go through one more rainy  
day  
No I don't wanna hurt no more  
Strange enough I always knew  
I'm taking off today  
I don't wanna hurt no more

The darkness you left in my soul  
Do we know how much we've lost  
Will the moon be shine in his bright as before  
And his arms sing in the song  
Tears well up in my eyes  
And I will always wonder

Why I will never have  
The life I wanted  
Now I'm letting it go

'Cause I don't wanna hurt no more  
No I don't wanna make you go through one more rainy  
day  
No I don't wanna hurt no more  
There's not much more to say  
'Cause it's to late now  
I won't hurt no more

So I wait 'till morning comes  
You made it clear that it has been only pain loving me  
Things that we won't do for love  
I am setting you free

'Cause I don't wanna hurt no more  
No I don't wanna make you go through one more rainy  
day  
No I don't wanna hurt no more  
Strange enough I always knew  
I'm taking off today

I'm letting you go
