I lay my weapons down
Won't fight no more
Try to get you by my side
Though I have been in love before
They could never take my clouds away

Babe, if you were mine
I won't hesitate at all
You just let me know
I'll be the one to catch your fall
Anything you need
Don't give me away
You make me so confused
The one I love loves someone else

Don't stop the music, it feels good
It keeps my mind off me missing you
Keep the rain away
There is nothing for me here
Without you by my side

Cause babe if you were mine
I won't hesitate at all
You just let me know
I'll be the one to catch your fall
Anything you need
Don't give me away
You make me so confused
The one I love loves someone else

Baby what's it gonna be?
Is it gonna be her or me?
Tell me what I have to do
Cause I know that I'm good for you

And babe if you were mine
I won't hesitate at all
You just let me know
I'll be the one to catch your fall
Anything you need
Don't give me away
You make me so confused

The one I love loves someone else

Babe, if you were mine

If you were mine

Babe, if you were mine

Babe, if you were mine

If you were mine
