Right behind the perfect face
There's someone who keeps secrets hidden
We all think I don't wanna know
Reasons why you're crashin' over me

I don't look back
Darlin' so it goes
But I regret

That we couldn't make it rain
And all our dreams were left to dry
Can't make it rain
There's not one cloud left in the sky
So you said you'd try
We bled, we cried
We couldn't make it rain

We had everything to live for
Even if we didn't understand
The game of give and take
Was more than just the sum of what we made

The most of time
So we'll move on
And leave it all behind

'Cause we couldn't make it rain
And all our dreams were left to dry
Can't make it rain
There's not one cloud left in the sky
So you said you'd try
We've bled, we've cried
We couldn't make it rain

Now I can't help thinkin' about
Places we would go
But I won't be alone no more
But this fault won't be mine
Everything is gone

Make it rain
And our dreams were left to dry

Can't make it rain
There's not one cloud left in the sky
So make it rain
All our dreams were left to dry
Can't make it rain
There's not one cloud left in the sky

So you said you'd try
We bled, we cried
You said you'd try
We bled, we've cried
We've cried
