Sure got my piece of Heaven  
Angel in disguise, gone wild

But I thought you were a man  
Who knew right from wrong  
That's why I really don't understand  
Why he's with her? It's killing me

What has she got that I don't have?  
Is it the way she looks at you  
Laughs with you, can she?  
Does she make you beg for more  
This is hurting  
What has she got that I don't have?

I tried to call him anytime, anywhere  
But he's never there

So I went to his place and waited all day  
So he would explain it to me  
And this is what he said  
He said

"There is nothing left to say  
I had my fill, I went away  
Your crying eyes won't change a thing  
It was just a fling"

How could an angel break my heart?  
We could still be friends  
Are you kidding me?

What has she got that I don't have?  
Is it the way she looks at you?  
Talks to you, can she?  
Does she make you beg for more  
This is hurting  
What has she got that I don't have, I don't have?

But twice every year when he's in tears  
"(Twice every year when he's in tears)  
When he loses his mind and can't help but cry

He'll call me and then  
(Call me and then)

I am better than, I am  
I, I am better than, I am  
I am, I am, I am better than

Baby, baby, baby, baby  
Baby, baby, baby, baby, baby  
What has she got that I don't have?  
What has she got that I don't have?  
What has she got that I don't have?  
Baby, baby, yeah, yeah
