You walked in and drop the bomb you're tellin' me
You got sacked today
Gambled away the money that I put aside
And that Jill is having your baby

Now you're sorry and you want to come clean
Well thank you anyway
So go ahead now and shoot me redemption
Redemption from you

Did I ever tell you your mother is a bitch
For giving birth to someone like you witch
Now you're stuck with me
How come you never please me

Tellin' me lies makin' me analyse
Can I have a minute here, hey hello
I'm here to tell you bye
See you fuck you

Oh there goes my bell I am going away
I am going away, I'm gonna get laid but not by you
I'm through with you
I'm goin' away I'm gonna get laid but not by you
I'm through with you, come on, come on

Hold your fucking horses
You can have what is yours
I will slit it cut life short
Ain't nobody's wife no more
My bitch for life if you might come back
You will find me dead bleeding on your floor
Are you sure?

You're about to slit your wrists could you first listen to
me
So you wanna leave it all behind but then
Always someone's gonna miss you
There is always someone who needs you here
So put the knife down, take the gun instead

So go ahead now and shoot me redemption

Redemption from you

This is what it's gonna be you ain't gonna change no
more

That's something I can tell you that's for sure

All you ever say is c'est la vie I'm not gonna take it no
more

Come on boy please me

Just go ahead and shoot me redemption

Redemption, redemption from you

Just go ahead now, just go ahead now

Just go ahead now redemption

Just go ahead now

Just go ahead now

Just go ahead now
