Rule number one - there will be no rules  
Rule number two - that's for you, that's for you  
Rule number three - when in doubt, there's the door  
Rule number four - tell me more, tell me more, tell me more

[Chorus:]

No lies, no tricks of any kind  
Be true, love art, show insight  
And I will absolutely love you

Rule number five - make sure God's on your side  
Rule number six - it will never be fix in the mix, no  
Rule number seven - leave no space in-between  
And here's number eight - just be real, now I may believe

[Chorus:]

No lies, no tricks of any kind  
Be true, love art, show insight  
And I will absolutely love you

When shadows appear,  
Show me the power to shine  
Travel the world all around  
Laying the troubles down

[Chorus:]

No lies, no tricks of any kind  
Be true, love art, show insight  
And I, yeah I  
I will absolutely love you
