Music & lyrics: anouk teeuwe / ricardo pronk

I don't exist for you
You made that crystal clear
Your sweetest thing for 7 years
What did I do to deserve this

Don't think you own my life
I've still got my pride
Trying so hard to forget
I cannot help but hear your voice

This is love, just trust me baby
Other girls mean nothing to me
Why don't you keep your big mouth shut

And all the bridges that you burn
Come back one day to haunt you
It's just a matter of time

Baby, don't get me wrong
If I'm not there to catch your fall
Did I try for too long
Am I to blame for you being you

Save those tears for someone else
Your trouble's only just begun
Hands off my sunshine leave it alone
Before I go commit a crime

I'm gonna show you what you taught me
No respect, no mercy
Till you fall down on your knees for me

All the bridges that you burn
Come back one day to haunt you
It's just a matter of time

Baby, don't get me wrong
If I'm not there to catch your fall
Did I try for too long
Am I to blame for you being you
