Did you ever wake up in the morning
With a freight train running through your head?
An empty whiskey bottle by your pillow
And a burned out unfinished cigarette

The night went up in smoke
Life is but a joke man
But I see nobody laughing, nobody laughing

Did you ever live a day
Like the next day would never come?
Blood's dripping on the floor but who cares
Who needs you anyway?

You're a stranger to yourself
And this ain't no joke man
But I can't stop laughing, yeah

Greedy, angry people make me
Run around in circles backwards
Down the lonely road that keeps me
Run around in circles

How I want to try again, excuse me can you lead me?
I just want to try again, excuse me can you lead the
way?
Just take me by the hand, how I want to, yeah
I want to try again, yeah

Did you ever find yourself drowning in a dark and
crowded bar?
The barman keeps on pouring and you're kissing
everyone
The night will never end 'cause my horse is still
saddled up
That's why I am still laughing

Greedy, angry people make me
Run around in circles backwards
Down the lonely road that keeps me
Run around in circles

Greedy, angry people make me
Run around in circles backwards
Down the lonely road that keeps me
Run around in circles

How I want to try again, excuse me can you lead me?
I just want to try again, excuse me can you lead the
way?
Just take me by the hand, how I want to, yeah
I want to try again, yeah
