(awesome opening riff...)

I reminded someone thought they knew me  
That i hadn't changed at all...  
Wrapped up in a picture perfect package  
That just stands up way too tall...  
Because they see my world...  
Ohhh... through the eyes of sand

Surely they're all good intentions  
Smiles that will fail to mention me...  
So all along their interventions  
Someone let you fall down on your knees....  
Because they see your world...  
Through the eyes of sand...

(really cool... but, short guitar solo...)

We fall down... far underground... to see the world...  
through eyes of  
Sand...

You walking desert...  
Baby you're a heart of stone  
You're walking desert...  
Baby you're a heart of stone...  
Ohhhh.... you... don't know my world...  
You... you don't know my world... you...  
You don't my world... aahhh  
Walking desert...  
You're a walking desert...  
You're a walking desert...
