We started as friends
But the feeling has grown stronger
Afraid to let it flow
Can't fight it any longer
How can I let you know?
When someone else won't let you go?
I'll even be glad
Just to be sad
Thinking of you

[Chorus:]
How do you stop the rain from falling?
How do you stop the sun to shine?
And how can I stop myself
From loving you?
Why does it have to be?
It had to be you

How can I erase a beautiful rainbow?
And how can I resist seeing you tomorrow?
When this love has nowhere to go?
When your heart belongs to someone I know?
I'll even be glad
Just to be sad
Thinking of you

[Chorus:]
How do you stop the rain from falling?
How do you stop the sun to shine?
And how can I stop myself
From loving you?
Why does it have to be?
It had to be you

Words cannot express how much I need you
When I found someone true
But why am I blue?
It just had to be you, you

[Chorus:]
How do you stop the rain from falling?

How do you stop the sun to shine?
And how can I stop myself
From loving you?
Why does it have to be?
It had to be you, you

You...
