I can't believe I trusted you,  
But you put me down and hurt me for the last time,  
I can't believe I trusted you,  
But sometimes it's hard to tell just who's a friend,  
And I wish it was nice to know you,  
But I'll say this to your face,  
You are everything that's fake . . .

Were you insecure or maybe just mislead,  
Did you make up all these games inside your head,  
Hiding in the shadows for the next attack,  
All the lies you told my friends behind my back,

What you say, doesn't matter to me, because I'm over  
it,  
Maybe now, you can see, everyone knows that you're  
counterfeit . . .

I can't believe I trusted you,  
But you put me down and hurt me for the last time,  
I can't believe I trusted you,  
But sometimes it's hard to tell just who's a friend,  
And I wish it was nice to know you,  
But I'll say this to your face,  
You are everything that's fake . . .

What in this world did you hope to gain,  
You only made yourself the object of the pain,  
What you say, doesn't matter to me, because I know  
who I am,  
Maybe now, you can see, everyone knows that you're  
just a scam . . .

I can't believe I trusted you,  
But you spread your lies and hurt me for the last time,  
I can't believe I trusted you,  
But sometimes it's hard to tell who's being real,  
And it might have been nice to know you,  
But I'll say this to your face,  
You are everything that's fake . . .

And what comes around it always goes around, it's  
your loss not mine just look who's underground, and  
I'm back on top, and I'm stronger now . . .
