Me and my old man
Don't see eye to eye
We take our walks outside
Underneath the birch trees

He said, "I think it's gonna freeze this year"
I said, "I gotta get away from here"
Me and my old man
Me and my old man

Should've been enough to know
That you'd let us all down
Could've been enough to try
Without making a sound

It's all part of the plan my dear
It's all part of the plan my dear

So we walked along the mending wall
Laid beneath the tortured talls
And we sang a song of newfound cheer
Laughed at the passing years

Yeah we talked about things to come
Talked about the battles won
He said "I think it's gonna freeze this year"
I said "I gotta get away from here"

Should've been enough to know
That you'd let us all down
Could've been enough to try
Could've been enough to try

Oh I've been such a fool
Spent my life waiting for you
Through these trees I see
With my father's eyes I realize the weight

Should've been enough to know
That you'd let us all down
Could've been enough to try
Without making a sound

It's all part of the plan my dear
It's all part of the plan my dear
It's all part of the plan my dear

Between me and my old man
Just gotta get away from here
Gotta get away from here
Gotta get away from here
Gotta get away from here
Gotta get away from here
