If you want to be my best friend, then show it
If you want to live inside me, don't blow it
I don't want to stand in line
I don't wanna waste my time
I just wanna be in love

And I wanna be around when you come down
I just wanted you to know
The roses, the roses always grow

If you want to hear I love you, then say it
If you want to hear I need you, then prove it
I don't want to stand in line
I don't wanna waste my time
I just wanna be in love

And I wanna be around when you come down
I just wanted you to know
The roses, the roses always grow

Do you think it would last forever baby?
Do you think it would drag you on?

And all I wanna be around when you come down
I just wanted you to know
The roses, the roses always

And I just wanna be with you, not alone
I just wanted you to know
The roses, the roses always grow
