I'm a gonna drink myself into oblivion,
I'm gonna get so fucking drunk I shit the bed again,
Girl if you wanna be mine,
throw away that pickup line,
buy me a drink, sing me a song,
one more time,

Hey Hey mama won't you drink that liquor,
pour it right down your throat and get you fucked up
quicker,
hey hey mama, its going down tonight,
and the scrapes and the bruises mean we're getting
faded,
means I'm getting on my way to getting decimated,
with a drink in either hand,
I'm doing alright,

Now its about half past one and I'm thinking we're
bottle bound,
We bout to crack the seal and let the good times just
come-a-pouring down,
get that action jug (L&C Vodka) it ain't hard to mix,
its like one part mixer and one part shit,
in a drink,
sing me a song,
carry me home!
Tonight we ride, we're on supreme fade,
we're trying to get real drunk and get real paid,
just trying to get real drunk and get real paid,
we're trying to get real drunk, we're trying to get real
fucking paid,

(ooh ooh, ooh ooh)

Hey hey mama won't you drink that liquor,
(1 whole step key change)
Hey hey mama won't you drink that liquor,
pour it right down your throat and get you fucked up
quicker,
hey hey mama, its going down tonight,
and the scrapes and the bruises mean we're getting
faded,

means I'm getting on my way to getting decimated,
with a drink in either hand,
said with a drink in either hand,
with a drink in either hand im doing alright
