Heaven can wait, (cause hells doors are opening)

(GET EM!)

I'm just trying to make a dollar out of fifteen cents,
I'm just trying to make a dollar out of fifteen cents,
I'm just trying to make a dollar, im just trying to make a
dollar out of fifteen cents,

I'm just trying to make a dollar out of fifteen cents,
I'm just trying to make a dollar out of fifteen cents,
I'm just trying to make a dollar, just make a fat girl
holler for fifteen cents,

Skinny girl out the door, fat girl on the floor,
Skinny girl out the door, fat girl on the floor,
you take that, skinny little bitch throw her out the door
get the big booty girl back on the floor (YEAH!)
Handicapped bitches and caviar,
Light that cigarette and put it in your mind,
talking about, handicapped bitches,
all got cigarettes in their mind.

Got the candles lit and I'm rubbing that clit,
got those candles lit and I'm rubbing that clit,
Girl you know i got the candles lit,
I'm rubbing the clit,
shut up bitch all i wanna hear?
