Don't come near me, I need you like a hole in the head,
working for the state? bitch he's hoeing for the feds,
girl I know that your brother's an undercover,
he may be blood but a snitch is thick as a
motherfucker,

Do yourself a favor, get his scary ass out of town,
buy a one way ticket something eastern bound,
tell him only to write to you through the mail,
and disguise his letters with numbers,
cause they'll get him if he comes back home

They'll get him if he comes back home,
they'll get him if he comes back home,
back home,

a whoa whoa I,

Did I say something wrong,
cause something just ain't right,
judges love deuce five to life,
they'll hand it down all fucking night,
did I say something wrong,
cause something just ain't right,
ain't right whoa oh,

Testify that I'm dying doctor give me some pills,
holding out for something different never got so real,
pity party I'm drinking all the Bacardi,
its seven in the a.m.,
close your eyes against the morning light,

close your eyes against the morning light,
said goodbye to everyone last night,
I'll try to write you but I won't call,
we'll see you on the other side of the wall,

Did I say something wrong,
cause something just ain't right,
judges love deuce five to life,

they'll hand it down all fucking night,
did I say something wrong,
cause something just ain't right,
ain't right whoa oh,
