Going down now.

The mountain screamed three times today

I guess it thought I'd like to play

how much does one have to pay

to fry a peak and melt away?

Launching Titan's breath on mine

the swetting mansion lands on time

And an old man, who's down by the river

well he gets up, and he walks on down

to the space-ship that's parked at your doorstep

and it's waiting

to take you away now

Going down now

Looking for the rat that could

he's hooked up down in Mexico

slap my nurse now, give me more

it's my disaster friend, not yours

And this one

that's down by the river

well he gets up

and he flowes on down

to the space-ship
still parked at your doorstep
and it's waiting
to take you away now
It's down by the river
It's allways this way now
It's down by the river
It's allways this way now
Going down now
Going down now
