Going down now

The mountain screamed three times today

I guess it thought it'd like to play

How much does one have to pay

To fry a peak and melt away

Launching titan's breath on mine

The sweating measure lands on time

And the old man, down by the river

Well he walks up and he walks on down

To the spaceship that's parked at your doorstep

And it's waiting to take you away now

Goin' down now

Goin' down now

Looking for the rate that crowed

He's hooked up down in Mexico

Slap my nerve now give me more

It's my disaster friend, not yours

And the old man, down by the river

Well he walks up and he walks on down

To the spaceship that's parked at your doorstep

And it's waiting to take you away now

And the last one, it's down by the river  
Where he gets up and he walks on down  
To the spaceship that's parked at your doorstep  
And it's waiting to take you away now  
It's down by the river, it's always this way now  
It's down by the river, it's always this way now  
Going down now  
Going down now  
now, now, now  
down, down, down
