Saw your face last night on the tube
Strong fine snake in a suckers vacuum
Fifteen clicks and it's time to say bye
Fifteen trips and a love that won't die
Me and Myself killed a world today
Me and Myself got a world to save
Broadcast dead revolution won't pay
Strapped up freaks on the lazarus plane
and I can tell just by the climate
and I can tell just by the style
and I was born and raised on Venus
and I may be here a while
but every supersonic yerker-off
who comes into your game
is like every sub-atomic genius
who just invented pain
I will deny you
I will deny you baby
I will deny you
I will deny you baby
I will deny you

I will deny you yeah yeah yeah yeah

Oh baby, I'm lazy

Oh baby introduce me to God

Oh baby

I'm lazy

Oh baby set a course for the dope

for the dope

Shut me off, cause I'll go crazy with this planet in my hands

Shut me off, cause I'll go crazy with this planet in my hands

Shut me off, cause I'll go crazy with this planet in my hands

Shut me off, cause I'll go crazy with this planet in my hands

And I can tell just by the climate

I can tell just by the style

and I was born and raised on Venus

and I may be here a while

cause every supersonic jerk-off

who comes into your game

is like every sub-atomic genius

who just invented pain

I will deny you

I will deny you baby

I will deny you

I will deny you baby

I will deny you

I will deny you baby

I will deny you

I will deny you baby

I will deny you

yeah yeah yeah yeah
