Beat there it go, let's get it crunk uh  
Yeah, you looking for the Collection Plate baby  
Late July, my solo all freestyles, Magno

[Magno]

It's Magno, this is Chop Em Up 8  
I represent them blocks, where they chopping up cakes  
Who every bopper wanna date, I pull up on the scene  
Every team wanna fiend, cause my pockets got weight  
I run game like running block, get the honeys hot  
Drop lines and they mine, while they do the bunny hop  
I pull up in the prowler, with the new blue goggles  
Mag' looking like a FUBU model, no Crys just a few blue  
bottles  
We on 22's, hide them twenties  
Nothing flashy, rocking Foot Locker five for twenties  
Listen, how you want it  
My jeans cost four hundred  
These is Iceberg, that's the cost of nice words  
That's out of my mouth, I'm out of the South  
Magno, hotter than South don't know how to cool off  
I'm too athletic on the beat nigga  
Besides that, I'm diabetic to you sweet niggaz  
Disrespecting the game  
I put the horse shoe to your dome, like you Eduran  
James  
Peep the flow, I'm so supernatural  
Like the red board, I'm going international  
I blow hollows, with the tech fool  
Got chicks giving my lil' bother head, swallowing my  
nephews  
You might see me in a Thunderbird, sipping  
Thunderbird  
Laws wanna lock me, like I got a ton of birds  
Man I ain't tripping on them hoes  
No tags no inspections, still flipping on them fo's
